

epf DRESDEN 2015

Save the Date:

EUROPEAN POLYMER CONGRESS

JUNE 21 – 26, 2015 · DRESDEN · GERMANY

TOPICS

Advances in macromolecular synthesis: From precision polymer structures towards interactive polymer materials

Nanomaterials and composites: Preparation, characterization, processing, modelling, application

Polymers meet biology: Bioinspired and bioactive polymers, biohybrides and polymers at the biointerface

From polymer science to soft matter science

More with less: Polymers address challenges of resources, sustainability, and energy efficiency

The post-silicon age: Polymer and organic electronics

**Abstracts may be submitted online from
September 1, 2014 to January 15, 2015.**
